FOR IMMEDIATE RELEASE

MIRTEC Europe Tops Charts with Sixth Year-on-Year Growth and 75 Percent Increase in 2014

OMNI-VISION® 3D Inspection Technology

FEBRUARY 2015 – MIRTEC, “The Global Leader in Inspection Technology,” is pleased to announce a remarkable increase in sales revenue growth for the past six consecutive years. Additionally, the company achieved a 75 percent increase – a company record – In 2014.

When asked to comment on this significant rate of growth, David Bennett, President of MIRTEC Europe, said, “MIRTEC Europe is responsible for Continental Europe, Middle East, India and South Africa, and the continuous growth is reflected by the knowledge and quality of our distribution partners in these areas. The other major factor is the outstanding technologies coming out of our R&D group in South Korea, where the focus is 100 percent to be the technology leader in all aspects of automated inspection. The huge increase in 2014 was due to not only winning multiple customers who appreciated the technological advantages that MIRTEC offers but also a large proportion of reorders from our existing customers. I would like to thank my distributors and my support team who have been exceptional.”

MIRTEC Europe is extremely focused upon advancements within the electronics manufacturing industry and continues to invest heavily in Research and Development, persistently focusing on using state-of-the-art optics, lighting, laser and 3D technology to develop the industry's most technologically advanced inspection solutions. This, combined with an extremely talented team of sales and support professionals, has resulted in MIRTEC's continued expansion of market share.

MIRTEC Europe prides itself on its business philosophy of providing customers with the highest quality products and services at competitive pricing and recognizes that customers are the source of future growth and as such, strives for a strong, reliable and long-term partnership based on trust and respect. In short, MIRTEC Europe's ultimate objective is the absolute success of its customers.
