FOR IMMEDIATE RELEASE

MIRTEC Europe Wins “Best of Industry” Award

SEPTEMBER 2016 – MIRTEC, “The Global Leader in Inspection Technology,” has won an EM Best of Industry Award in the category of Manufacturing Excellence in Automated Optical Inspection. The award will be presented to David Bennett, President of MIRTEC Europe, during a ceremony taking place on Wednesday, 21 September at the Bangalore International Exhibition Centre during productronica India.

“We are honored to have won a 2016 Best of Industry award from Electronics Maker,” said Bennett. “Earning more than 30 industry awards for our technologically advanced inspection solutions lets us know that we are on the right path to providing our customers with the best quality products and services available today.”

Successfully launched last year, the EM Best of Industry Awards celebrate excellence in the market. Now in the second year, the awards honor the leading performers in the industry that drive the industry forward, and provide them with a platform to showcase their achievements and product successes. This will help in furthering the growth of the electronics industry, challenging technology to reach the next level. The EM Best of Industry Awards are organised by Electronics Maker.

MIRTEC focuses on advancements within the electronics manufacturing industry and continues to invest in Research and Development, using state-of-the-art optics, lighting, laser and 3D technology to develop the industry’s most technologically advanced inspection solutions. This, combined with a talented sales and support team, has resulted in the company’s continued expansion of market share. Now, with the added convenience of direct sales, MIRTEC expects to further reinforce its business as well as its customer service.

MIRTEC Europe prides itself on its business philosophy of providing customers with the highest quality products and services at competitive pricing, and recognizes that customers are the source of future growth and, as such, strives for a strong, reliable and long-term partnership based on trust and respect.
